experience the world's premier ed tech event

destination san diego

San Diego provides a stunning backdrop for educators who are passionate about transforming education. ISTE invites you to join your colleagues and expand our collective vision of an educational community where best practices, partnerships, accountability, and achievement converge.

“What I love most about ISTE’s annual conference and exposition is meeting other educators who are passionate about the use of technology in education. Just like me, they are continually working on changing education to meet the needs of our students and the requirements of a constantly changing world.”

—Ann S. Michaelsen
Pedagogical Development Leader
Oslo, Norway

PROFESSIONAL DEVELOPMENT FOR THE ENTIRE EDUCATION TEAM

Superintendents, Assessment Directors, Principals/Head Teachers,
Policy Makers

- Ideas and solutions for leveraging your technology infrastructure for school improvement and assessment
- Numerous opportunities for leadership development and advocacy

Teachers, Coaches, Curriculum Specialists

- Lecture and Poster sessions full of great ideas for integrating technology, e-learning, and promoting digital-age learning through the NETS•S* and Common Core Standards (U.S.)
- Workshops and BYOD (Bring Your Own Devices) sessions offering hands-on training with practical and useful technology applications
- Model Lessons for observing or participating in replicable units of instruction

Chief Technology Officers, Technology Coordinators, Staff Developers

- Exciting, effective solutions for professional learning including online professional development
- Proven strategies for technology funding, infrastructure development, and support
- Technology Infrastructure Pavillion in the Exhibit Hall, featuring best practices and procurement support

Teacher Librarians

- Model practices for teaching information and media literacy
- A 21st Century Media Center Playground full of electronic resources for students, teachers, and administrators

Teacher Educators

- Curriculum ideas for methods courses and distance learning
- Models for meeting accreditation requirements and achieving the NETS*

* To learn more about NETS, visit iste.org/nets.

ABOUT ISTE

The International Society for Technology in Education (ISTE®) is the premier membership association for educators and education leaders engaged in advancing excellence in learning and teaching through innovative and effective uses of technology.

ISTE is the trusted source in education technology for professional development, knowledge generation, advocacy, and leadership in innovation. ISTE is also home to the NETS—standards that deliver a roadmap for global digital-age learning, teaching, and leading.

JOIN US

ISTE's annual conference and exposition is presented by the International Society for Technology in Education, the world's leading ed tech membership association, in cooperation with Computer-Using Educators, Inc. (CUE).
